## *BCL philosophy...*

At Bio Creative Labs, our mission is to create beauty products that support our defining precept of "Be, Care, Love". To us, "Be, Care, Love" is a lifestyle, a mantra, and a state of being.

We define it in these ways:

*Be*—In the Moment. Be present. Be engaged. Be aware. Take the time to just "Be".

*Care*—For yourself and others. We are all pieces of a great patchwork. When you take care of you, you are able to better care for those you love and the environment around you.

*Love*—Experience Love daily, in the fullest sense of the word and all that it embodies.
