

Satin Smooth Hand Pack

All-in-one intensive moisturizing hand treatment gloves. Easy-to-use gloves already come with pre-measured lotion packed with nutrients to soothe and nurture the hands.

Key Ingredients: Shea butter, marine collagen, vitamin E, ginseng, and rose flower.

For added-on service to a spa or salon service:

- Clean hands.
- Open pack, and separate gloves.

- Taking one glove at a time, slip client's hand into glove. Ensure that you place hands inside the insulated cloth liner, inside of the glove. This liner helps to trap your body heat.
 - Leave gloves on client's hands for no longer than 20 minutes.
- For added service, wrap a warm towel or place gloved hands in electric mitts and set to a low temperature for 20 minutes or less.

- Remove gloves from hand and discard in receptacle.
- Massage remaining lotion into hands, arms and elbows.
 - Up-charge \$10-\$15.

Use Hand Pack for add-on during a manicure:

- Clean hands remove nail polish
- Open pack, and separate gloves

- Place gloves over clients hand measure where finger tips start and were nail bed ends. With a small scissors cut finger tips, discard tips.
- Taking one glove at a time slip clients hand into glove. Ensure that you place hands between the insulated cloth liner inside glove. This liner helps to trap your body heat.

- Technician can work on client's hands while providing a deep moisturizing treatment.
- Continue keeping gloves on when placing hands in UV lamp or LED lamp for drying.
 - Service time 20-30 minutes or longer.

- Remove gloves from hand and discard in receptacle.
- Massage remaining lotion into hands, arms and elbows.
 - Up-charge \$10-\$15.

Foot Pack also available and can be used the same way as above.
