'n Only®

**Create smooth and
shiny curls!**

Combine the look of sophistication, glamour and
femininity with voluminous textured curls.

**One 'n Only® Perms,
enhanced with argan oil**

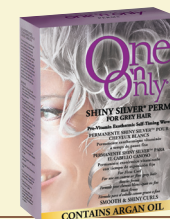

Formulas Enhanced with Argan Oil

Create sophisticated, sexy, smooth and shiny curls with One 'n Only® Perms

One of the world's rarest oils, argan oil is derived from the Moroccan argan tree. Its moisturizing properties help revive and nourish dry and damaged hair.

Choose from a variety of formulas that will allow you to customize your waves. Each formula provides volume, body and dimension to any hair type.

All One 'n Only® perms are balanced formulas that are gentle on the hair and produce the most desirable results.

FORMULA	ACID AVP1NA	ACID EXTRA-BODY AVPXB2NA	MOISTURIZING ALKALINE AVPARNA	EXOTHERMIC (ALKALINE) AVPEXNA	LOW-AMMONIA TEXTURIZING AVPTPNA	SHINY SILVER FOR GRAY HAIR AVSSPA

CURL RESULTS	<ul style="list-style-type: none"> Soft, natural wave pattern Good scalp wave Slightly open end curl Ideal for body waves 	<ul style="list-style-type: none"> Firmer, natural looking curls More scalp wave, end curl and resiliency than Acid perm 	<ul style="list-style-type: none"> Firm, long-lasting curls True-to-rod-size curls 	<ul style="list-style-type: none"> Firmest, longest-lasting, true-to-rod-size curls For styles requiring strong curl support 	<ul style="list-style-type: none"> Versatile processing – unlimited design options Soft body waves, natural curls, true-to-rod-size curls 	<ul style="list-style-type: none"> Versatile curls
FEATURES AND BENEFITS	<ul style="list-style-type: none"> Controlled processing with natural body heat. Stop Action formula prevents over-processing on normal hair types. Cationic conditioners equalize porosity to protect hair during perming. Humectants help maintain hair's moisture balance and strength. 	<ul style="list-style-type: none"> Controlled processing with natural body heat. Stop Action formula prevents over-processing on normal hair types. Cationic conditioners equalize porosity to protect hair during perming. Humectants help maintain hair's moisture balance and strength. Precise blend of active ingredients gives natural-looking curls with extra bounce. 	<ul style="list-style-type: none"> Versatile formula allows water, lotion or combination wrapping for the ultimate in customized perming. Buffered waving lotion regulates pH for maximum curl results without dryness or frizziness. Stop Action formula prevents over-processing on normal hair types. Moisturizing complex protects hair during processing, leaving hair shiny and manageable. 	<ul style="list-style-type: none"> Gentle, self-heating formula generates optimum warmth for maximum curl formation and client comfort. Conditioning/moisturizing complex ensures shine and manageability. Stop Action formula prevents over-processing on normal hair types. Fresh scent helps eliminate perm odor. 	<ul style="list-style-type: none"> Achieve body waves with large rods processed at room temperature. Achieve true-to-rod-size curls with traditional rods processed under a dryer. Low ammonia for gentle, damage-free waving and curling. Kind to the hair, low pH. Utilizes the first micro-emulsified silicone to seal the cuticle for brilliant-shine results. Complex conditioning agents instantly bond with damaged hair to balance the varying porosity levels. Fresh fragrance; no residual perm odor. 	<ul style="list-style-type: none"> Self-heating (exothermic) formula ensures gentle, deep and even processing. Stop Action formula automatically stops processing when curl is ready. Avoids over-processing. Unique anti-yellowing agents enhance the natural silver highlights found in gray hair. Special after-perm conditioner leaves hair soft and manageable.
