WELCOME TO THE ERA OF INTELLIGENT BRUSHING

The first range of professional brushes
adapted to every type of hair

3 ranges of high
performance bristles
for different hair type

PROTECT YOUR HAIR'S HEALTH

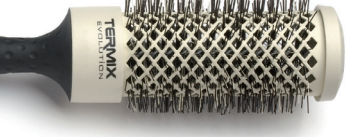

Faster
drying time

Anti-frizz
results

Long-lasting
hairstyles

Choose from 3 brush types depending on your hair type. Here's how:

THICKNESS OF THE HAIR

BRUSH RANGE	BRUSH TYPE	IDEAL FOR	HAIR TYPE
	SOFT	FINE HAIR Prevents breakage of the hair and deterioration of the capillary fiber of fine hair	
	BASIC	MEDIUM HAIR Controls the problems of dehydration of medium hair	
	PLUS	THICK HAIR Helps control and mold thick hair which is difficult to master	

WHY IS IT SPECIAL?

Ionized high-quality Italian fibers, offer maximum heat resistance and are adapted in thickness, quantity and size depending on the hair type.

Innovative diamond-shaped vents that increase the amount of air flow by 10% during the drying process.

Beautiful results and long-lasting hairstyles with fewer passes for healthier looking hair.

EFFECTIVE

Diamond-shaped vents increase the amount of air flow by 10% , thus reducing the drying time by 30%.

Ergonomic soft touch handle designed to facilitate prolonged professional use.

PTFE

Ceramic technology non-stick Teflon tube prevents the accumulation of hair products and provides greater smoothness.

ION

Ionized Italian nylon bristles resist high temperatures and eliminate static electricity. Implanted without glue for added durability.
